Bethpage Federal Credit Union Hosts Scout

Bethpage Federal Credit Union's 20th community branch at 383 Nassau Road in Roosevelt, NY, is under construction with an opening planned by the end of the year. Sixteen 9- to 10-year olds from Seaford Pack 690 Webelos recently visited the site, working toward their Engineering badges. Bethpage Federal Credit Union Vice President Anthony Edelman gave the Webelos a tour of the building – interior framing has begun -- and was later joined by representatives from JRS Architect, P.C. and VRD Contracting, for a discussion with the boys about the vision for the branch and its execution. *Pictured: Anthony Edelman, rear left, reviews blueprints with Pack 690 Webelos.*
